This is IN REGARDS TO JUR Solar Project
for JACUMBA, Ca 91934

My objections To The proposed Solar Project
are as follows

1. I Am A Senior who moved here for my health. I live in a small park, all senior who also have health problems, basically with our Brain & lungs.

This proposed project will compromise our lungs, with sprayings of pesticides to kill all weeds AND then all the diggings in the soil.

2. The fields directly adjacent to our park will be AFFECTED AS IT IS A HABITAT for all kinds of wildlife

3. We in Jacumba, already have extreme heat during the summer. Temperatures in the 100's. These solar panels will increase our heat AND also increase chances of more fires.
